

The Soccer Association for Youth, USA (SAY) is pleased to bring to the entire SAY membership our new National official uniform supplier Score American Soccer Company (SCORE).

SAY and SCORE have entered into an initial four year partnership with the hopes of extending the partnership an additional four years following the 2011 business year.

SCORE is SAY's chosen partner due to many factors. After carefully reviewing several uniform proposals, the SAY National Board of Directors felt that SCORE would provide the best uniform options for our membership. Listed below are some of the factors:

- All uniforms are made in the United States in Wilmington, California
- A substantial sponsorship investment which will assist with holding down player fees.
- Support with a SAY outreach and under served programming
- Specially created SAY tournament packages available to members at discounted prices
- Special league pricing to all SAY members
- Dedicated staff servicing the SAY member accounts
- Development of a SAY referee kit package
- Assistance with newly created SAY programming, i.e.; SAY Grant Program; SAY Referee Train the Trainer Program; SAY Hall of Fame

For those of you utilizing uniform vendors other than SCORE, we strongly encourage you to support the uniform provider who supports the SAY program and ask you to consider SCORE for your uniform and T-shirts needs.

Please expect a call from a member of the SCORE team to discuss what SCORE can do for your local soccer programs to enhance the experience for all participants in the SAY program.

Please call the National Office at 1-800-233-7291 with any questions.
